The following is the text of the Watts bill:

Section 1. That it shall be unlawful for any person or persons, firm or corporation to manufacture, sell or otherwise dispose of for gain any spirituous, vinous or malt liquors or intoxicating bitters within the State of North Carolina except in incorporated cities and towns wherein the sale or manufacture of liquor is not or may not hereafter be prohibited by law or regulated by special statute: Provided, this act shall not be construed to forbid the sale of such spirituous, vinous or malt liquors by druggists for sickness upon the written prescription of a legally qualified physician having such sick person under his charge; Provided further, that this act shall not be construed as to apply to wine or cider manufactured from grapes, berries or fruits raised on the lands of the person so manufacturing, or purchased by the manufacturer from the growers thereof; Provided further, that this act shall not be construed to apply to brandy manufactured from fruit or grapes and sold in original packages of not less than five gallons.

Section 2. That it shall be unlawful for any person, persons, firm or corporation to manufacture, sell or otherwise dispose of for gain any spirituous, vinous or malt liquors or intoxicating bitters, except as hereinbefore provided, in incorporated city or town, without first obtaining, as provided by law, a license therefor both from the board of commissioners of the county in which said town or city is situated, and from the board of aldermen or city councilmen, or the governing authorities, by whatever name called, of said city or town.

Section 3. That any person violating the provisions of this act with reference to the sale or disposition for gain of spirituous, vinous or malt liquors or intoxicating bitters, shall be guilty of a misdemeanor, and, upon conviction, shall be imprisoned not exceeding six months or fined not exceeding $200, or both, in the discretion of the court.

Section 4. That any person violating the provisions of this act with reference to the manufacture of spirituous, vinous or malt liquors or intoxicating bitters shall be guilty of a misdemeanor, and shall, upon conviction, be imprisoned not less than four months nor more than two years; and upon a second conviction of a similar offense the person shall be deemed guilty of a felony, and shall be imprisoned not less than one nor more than three years, and fined not less than one hundred dollars nor more than one thousand dollars, or both, at the discretion of the court.

Section 5. That any physician who shall make any prescription, except in case of sickness, for the purpose of aiding or abetting any person or persons who are not bona fide under his charge, to purchase any intoxicating liquors contrary to the provisions of this act, and any druggist who shall duplicate the prescription of a physician for intoxicating liquors for any person or persons not bona fide under his charge, without the written direction of the physician who gave the same, shall be guilty of a misdemeanor, and, upon conviction, shall be fined or imprisoned, or both, in the discretion of the court, for each and every offence; and all druggists selling intoxicating liquors by prescription as aforesaid shall keep a record thereof, which shall bear the true dates of the sales, and be subject at all times to the inspection of the solicitor of the district and of the mayor and police officers of the city or town in which said druggist's business is located, and all other persons; and any such druggist failing to keep the record aforesaid, or refusing to permit examination of such record by the officers named, and all other persons, shall be guilty of a misemeanor, and fined or imprisoned, or both, in the discretion of the court.

Section 6. It shall be unlawful for any person to sell wine manufactured from fruit or grapes grown by himself in quantities less than one gallon, and said wine shall not be drunk upon the premises where sold. Any person violating the provisions of this section, either by selling in quantities of less than one gallon or by drinking wine upon the premises where sold, shall be guilty of a misdemeanor, and punishable at the discretion of the court; provided, that the provision of section 6 shall not apply to churches wishing to procure wine for communion service.

Section 7. That it shall be the duty of the governing body of any city or town, upon the petition of one-third (1/3) of the registered voters therein, who were registered for the preceding municipal election, to order an election to be held, after thirty days' notice, in the year in which the petition may be filed, except within ninety days of any State, county or general election, in time for the notice to be given as above required, to detemine: 1, Whether intoxicating liquors shall be manufactured in said city or town. 2, Whether barrooms or saloons shall be established in said city or town. 3, Whether dispensaries shall be established in said city or town. And any such election shall be ordered to determine any one or two or all of said questions, as the commissioners may designate in their petition; Provided, that such election shall not be held oftener than once in two years.

Section 8. Whenever such election shall be held, the same shall be conducted and held under the same rules and regulations provided by the laws of North Carolina regulating municipal elections.

Section 9. That whenever the governing body of any such city or town shall order any such election, they shall provide one box to detemine the question of manufacture of liquors, if the question is to be voted upon; one box to determine the sale by saloons, if such question is to be voted upon; and one box to determine the sale by dispensaries, if such question is to be voted upon. Any person entitled to vote for members of the General Assembly shall have the right to vote at such elections in all the boxes provided, and every such voter who is in favor of the manufacture of intoxicating liquor shall vote a ticket on which shall be written or printed the words, "For Distilleries," and all opposed to the manufacture of intoxicating liquors shall vote a ticket on which shall be written or printed the words, "Against Distilleries;" and every such voter who is in favor of bar-rooms or saloons shall vote a ticket on which shall be written or printed the words, "For Saloons' and all opposed to them shall vote a ticket on which shall be written or printed the words, "Against Saloons;" and every such voter who is in favor of dispensaries shall vote a ticket on which shall be written or printed the words, "For Dispensaries,' and all opposed to them shall vote a ticket on which shall be written or printed the words, "Against Dispensaries." Such tickets shall be of white paper and without device.

Section 10. That if a majority of the votes cast in any such election shall be "Against Distilleries," when that question is voted upon, then it shall be unlawful for any such person, firm or corporation to manufacture any intoxicating liquors in such city or town until another election. But if a majority of the votes cast in any such election in any city or town shall be "For Distilleries," then it shall be lawful to manufacture and sell at wholesale intoxicating liquors in such city or town: Provided, that this section shall not be construed to authorize the manufacture of intoxicating liquors in any such town except upon a full compliance with the conditions and requirements which may now or hereafter be imposed by law.

Section 11. That if a majority of the votes in any such election in any city or town shall be "Against Saloons," then it shall be unlawful for the county commissioners of any such county, or the governing body of any such town, to grant license for the sale of any intoxicating liquors, and any person engaging in the sale of any such liquors shall be guilty of a misdemeanor, and shall be punished at the discretion of the court.

But if a majority of the votes cast at any such election be "For Dispensaries," then the board of commissioners of such city or town shall establish a dispensary therein.

Section 13. That whenever it shall become lawful under the provision of this act to establish a dispensary in any city or town, the governing body of said city or town shall appoint three commissioners from the voters of said city or town, who in the election voted for said dispensary, whose duty it shall be to conduct such dispensary under such rules and regulations, and with such officers and employes as may be prescribed and allowed by the governing body of said city or town, who shall fix the compensation of said commissioners and their officers and employes.

The prices at which said liquor shall be sold shall be fixed by said dispensary board: Provided, all sales shall be for cash and at a profit not to exceed 80 per centum of the cost thereof. No liquor shall be sold in said dispensary except in unbroken packages or bottles, which shall contain not less than one-half pint and not more than one quart; and it shall be unlawful for said manager or other person to open any such package or bottle in the premises; and the said manager shall not allow loafing, loitering or drinking on the premises and any person refusing or failing to leave said premises after being ordered to do so by said manager shall be guilty of a misdemeanor, and fined not more than fifty dollars or imprisoned not more than thirty days. It shall be the duty of the manager to keep a register, on which shall be kept a record of the names of persons to whom any liquor is sold, the quantity sold, price paid, and dates of sale; Provided further, that said register shall be open only to the inspection of the dispensary board and its employes, and the contents thereof shall not be published. No intoxicating liquors shall be sold to any minors, and the dispensary board shall make such rules and regulations not inconsistent with this act as may be proper for the management of the dispensary. If the manager or clerk shall procure any intoxicating liquors from any person other than those that the dispensary board shall direct, and offer the same for sale, or shall adulterate or cause to be adulterated any intoxicating, spirituous, vinous or malt liquors by mixing with coloring matter or any drug, or ingredient whatever, or shall mix the same with water or with liquor or different kind of quality, or shall make a false entry in any book of returns required by this act, he shall be guilty of a misdemeanor.

Section 17. That any officer or employe of a dispensary established under the provisions of this act who shall violate any of the rules and regulations prescribed by the governing body of the city or town in which said dispensary is located, or by the dispensary commissioners as herein provided for, which said rules and regulations are hereby declared to be ordinances of said city or town, shall be guilty of a misdemeanor, and shall, upon conviction, be fined or imprisoned, or both, in the discretion of the court.

Section 18. That the governing body of any city or town in which a dispensary shall be established under the provisions of this act, shall have power to fix the terms of office of the dispensary commissioners provided for herein, and determine the amount of bonds required from said commissioners and officers, and shall (have) the power to remove any or all of such commissioners and any officers or employes appointed by such commissioners, for good cause shown.

Section 19. That nothing in this act shall be construed to repeal, alter or amend any special act prohibiting or regulating the manufacture and sale of liquors in any locality, township, county or incorporated city or town.

Section 20. That this act shall be in force from and after July 1, 1903.

A SUNDAY SESSION.

Congress too Busy to "Remember the Sabbath Day."

The House held a four-hour session Sunday and put the District of Columbia bill through its last parliamentary stage, in the face of the Democratic filibuster. The previous question on the conference report on the Alaskan homestead bill was ordered and the vote on its adoption will be taken when the House reconvenes at 11 o'clock tomorrow morning. That was the net result of the Sunday session. Although it was Sunday by the calendar, it was still Thursday, February 26th, according to parliamentary fiction. The Democrats put a block in the legislative wheel at every opportunity and it required six roll-calls to accomplish what was done. Large crowds watched the proceedings from the galleries.

When Speaker Henderson dropped the gavel at noon, Mr. Richardson, the minority leader, was on his feet. He announced that there was evidently no quorum present and that the House could do no business on Sunday without a quorum. Thereupon, on motion of Mr. Payne, the majority leader, a call of the House was ordered. The doors were closed and the sergeant-at-arms was instructed to bring in absentees. At the conclusion of the call 41 members had appeared, more than a quorum, and Mr. McCleary, of Minnesota, called up the conference report on the District of Columbia appropriation bill. Mr. Underwood, of Alabama, undertook to interpose the point of order that the bill had not been completed, but the speaker ruled that a quorum having appeared, business would proceed. The doors which meantime had been opened, however, were again closed by the direction of the speaker on Mr. Underwood's point of order that further proceedings under the call had not been dispensed with by the action of the House. After a brief explanation of the report, against the protests of various Democrats who desired to be heard, it was adopted, 144 to 59. There was another roll-call on ordering the previous question on the Alaskan homestead bill, which was presented to Mr. Lacey, Republican, of Iowa. A half dozen points of order raised by the Democrats were ruled out and the chair declined to entertain all appeals on the ground that they were dilatory. At 3:55 p. m., the House recessed until 11 o'clock tomorrow, with the motion to adopt the conference report on the Alaskan bill.

The House committee on banking and currency by a strict party vote, authorized a favorable report on the currency bill introduced by Representative Fowler, chairman of the committee. In reporting the bill the committee says: "In addition to providing for the issue and circulation of national bank notes the object of this measure is to immediately put back into circulation any money the government may collect through its customs receipts as well as through its collection from internal revenue. The available cash balance now in the Treasury is $622,667,882. To this amount there is now in national bank depositaries $47,755,300, leaving a net balance in the Treasury of $71,994,454. If we deduct $50,000,000 as a necessary working balance for the Treasury, we shall have only $21,994,454 to meet the demand on the Treasury growing out of the Panama transaction, which will call for $50,000,000. It is evident that the government will not have any additional money to deposit with national banks for the next six or eight months. The effect of this will be to release the total amount of bonds now deposited to secure government deposits, viz: $125,000,000 of government bonds and $22,000,000 of State and other bonds, now held by the Treasury in addition thereto, as security for such deposits. The bonds so released may then be used by the banks for further increasing their bond-secured circulation, which will undoubtedly be much needed during the coming fall months."

The Senate spent three hours Sunday in eulogies of four deceased members of the House, Messrs. Martin, of Virginia; Gallinger, of New Hampshire; Perkins of, California; Clay, of Georgia, and Daniel, of Virginia, spoke of the late Peter J. Otey, of Virginia. Messrs. Pritchard, of North Carolina, and Mallory, of Florida, spoke of the late James Moody, of North Carolina. Others spoke of the late James Tongue, of Oregon. At the conclusion of the addresses the several resolutions of regret were adopted, and as a further mark of respect, the Senate at 3 o'clock adjourned until tomorrow at 11 o'clock.

Accused of Killing Three Wives.

Indianapolis, Special. — Albert A. Knapp, formerly of Hamilton, O., was taken by the police from the home of his bride on a charge of murder. The police say that the wife at whose house Knapp was arrested and whose maiden name was Anna May Gamble, is Knapp's fourth wife, and that the others have disappeared in a manner which warrants investigation. Knapp later confessed.

THE LEGISLATURE

House and Senate Vigorously at the Work Assigned Them.

THE REVENUE BILL.

At 11:25 Monday the House went into committee of the whole to resume consideration of the revenue bill. Judge Graham asked to be relieved of the chairmanship of the committee of the whole some remarks to make on the bill. He had been unable to agree fully with the majority of the finance committee on some of the provisions recommened. Mr. Smith, of Gates, was appointed chairman.

Section 4, relating to corporation taxes payable to State Treasurer, was adopted.

Section 5, relating to "tax exemptions repealed" was considered next. This section is designed to repeal all laws exempting from taxation all property liable to taxation except property belonging to the State and municipal corporations, and property held for the benefit of churches, religious societies, charitable, educational or benevolent institutions or orders, and also cemeteries. Provided, That no property whatever held or used for investment, speculation or rent, shall be exempt.

The foregoing was amended by adding the words "unless said rent shall be used exclusive for charitable or benevolent purposes or the interest upon the bonded indebtedness of said religious, charitable of benevolent institutions." That amendment was accepted by the chairman of the finance committee.

Mr. Roberson, of Guilford, moved to amend by exempting the property of fair associations. Mr. Gattis moved to amend the amendment by saying this exemption shall not apply to fairs where games of chance and other immoral and fake attractions are allowed. The amended amendment was lost.

Section 6, the inheritance tax provision, was opposed by Messrs. Brittain, of Randolph; King, of Pitt, and White, of Halifax. Judge Graham and Governor Doughton explained the section and it was adopted.

Section 7, providing when heirs, legatees, etc., are discharged from liability was adopted.

Section 8, providing that if tax is not paid at the end of two years after death of decendent, 6 per cent. per annum shall be charged thereon until paid, was adopted.

Section 9, providing for the deduction of tax by executors, etc., was adopted, and the committee at 1:30 rose and made its report to the House.

The Senate bill to revise the pilotage laws of the port of Wilmington came up. Senator Brown said that he introduced this bill by request, but he did not consider it a local bill, in that it affected all the people who shipped there. He did not expect the bill to pass over the Senator from Brunswick's opposition and he would not resist that Senator, but he thought it ought to pass.

Senator Bellamy made a speech against the bill saying the enemies of the pilots are the lumber trust and the Virginia-Carolina Chemical Company. The bill would ruin the pilots and Wilmington.

Mr. Pharr, as a member of the minority of the committee, favored the bill.

Mr. Brown said the bill was favored by many leading business men of Wilmington and shippers through the port. The bill was deferred till next Wednesday.

Making Good Progress.

The House has made good progress on the Revenue Bill. Several sections were disposed on Wednesday.

THE PENSION BILL.

The pension bill was considered as a special order at 11 o'clock. It asks for the same appropriation as was given two years ago, $200,000. Mr. Parker, of Halifax, chairman of the committee on pensions, made an eloquent appeal for the old soldiers. Several short speeches were made and the bill passed second and third readings.

At the night session of the House Mr. Walters introduced a bill to provide for working the public roads of Caswell and Catawba. The bill to amend the public school law with reference to the election of county boards of education passed final reading. Amendments to exempt Yadkin, Cherokee, Wilkes, Davie, Buncombe, Surry, Swain, Alexander and McDowell were voted down.

Bills were passed as follows: To incorporate the Raleigh Trust, Safe and Deposit Company; favoring passage of Appalachian Park bill by Congress; regarding the election of United States Senators by a direct vote of the people; to preserve birds in Union county.

The House went into committee of the whole for the further consideration of the revenue bill, beginning with section 55, relating to the tax on State banks and private bankers. The section provided a tax of $1 on every $1,000 dollars employed as capital. Drewry moved to make the tax 50 cents instead of $1. The amendment was lost and the section adopted.

Section 56 levying a tax of $100 on agents of packing houses was adopted.

Section 57 which provides that a tax of $200 be placed on all breweries and a tax of $50 on agents of breweries in each place the business is carried on, was adopted.

Section 58 as adopted imposes a tax of $200 as license on each oil company doing business in the State and 50 cents on each $100 worth of sales.

Section 59 provides a graduated tax on dealers in futures according to the population of the town where business is carried on; In towns of less than 5,000 $50; more than 5,000 and less than 10,000 $100; more than 10,000 and less than 15,000 $200; more than 15,000 $300. This refers to trading in what is commonly known as "futures."

Section 60 is in reference to the tax on liquor dealers. It imposes a tax of $150 semi-annually on dealers selling in quantities of less than five gallons; five gallons and more, $200; rectifying, $200; malt liquors exclusively, $50. These amounts are to be collected every six months. Each county shall levy a like tax for county purposes.

Mr. Morton moved to amend by making the annual tax $300 on retail dealers; $500 on rectifying; $500 on wholesale; two-thirds to go to the State and one-third to the county. This he declared, is double the license tax and as much as the business will stand.

Mr. Graham moved to amend by requiring dealers in liquors to pay 10 cents for every gallon of liquor sold; 5 cents for every gallon of wine, 5 cents for every gallon of malt liquors, 5 cents for every gallon of medicated bitters or other beverage that will produce intoxication.

Dealers shall makke monthly reports and it shall be considered perjury to make any false return, punishable by heavy fine and imprisonment. Judge Graham estimated that the tax would raise $54,000 a year.

Mr. Gattis moved to amend by making the tax on retail dealers $10 each six months instead of $150. Mr. Morton's amendment was lost. Mr. Graham's was withdrawn, and Mr. Gattis' was adopted. Section 60 as amended was adopted.

Section 61 and 62 relating to dealers in rice beer, medicated bitters, druggists selling liquors, are the same as now in force.

Section 63 places a tax on grain dealers based upon the number of bushels consumed.

Section 64 as adopted provides for a State liquor tax to be applied one-half to the Treasury, and the other half to the treasury of the county board of education.

THE PAPERS FILED

The Indianola Case Reviewed By Government.

WHAT IS KNOWN ABOUT IT.

Postmaster General Payne Sends the Letters Bearing on the Case to the Senate.

Washington, Special. — Postmaster General Payne forwarded to the Senate all the papers in the case of the Indianola, Miss., postoffice, which postoffice was discontinued by the administration because of the forced abandonment of the office by its negro postmistress, Minnie V. Cox. The correspondence shows that A. B. Weeks, a brother-in-law of Mayor Davis, of Indianola, began his candidacy for the postoffice as against the negro incumbent as far back as April 1, 1902, when he began sending a long series of letters and telegrams to the Department. The papers include an extract from a letter of a postoffice official dated February 23, 1903, narrating a conversation which, it states, took place at Biloxi, Mis. In this letter Mayor Davis of Indianola, is quoted as saying that if Minnie Cox should again take charge of the Indianola postoffice "she would get her neck broken inside of two hours." On January 3, last, John C. Daugherty, United States special attorney at New Orleans, telegraphed to Assistant Attorney General Pradt, at Washington, that there are numerous negro county and municipal officers serving under Democratic administrations through the Southern States.

Mayor Davis, of Indianola, wrote the Fourth Assistant Postmaster General on January 3 last, requesting copies of all letters written the Department regarding the postoffice and stated that the postmaster was requested by all of the citizens to continue in office. Fourth Assistant Postmaster Bristow declined to furnish the copies of the letters. The correspondence shows that A. B. Weeks wrote the Department several letters during last April, in one of which he requested that he be appointed at once, and in a letter dated May 30, 1902, he stated that he was anxious to get the appointment, supplementing this on June 2 with a letter urging his own appointment and giving reasons why it should be made. On September 19, he wrote the Fourth Assistant Postmaster General that there was a determined effort of the people to make the postmaster resign or give up the office in some way, because she is colored, and requesting that his application be remembered. On October 9, Weeks wrote the President that he had the assurance of Minnie Cox, the postmaster, "that she will forward her resignation in the next few days," and presenting his own application, on the ground that he was the only white Republican at Indianola. On December 13, he wrote the President that he would be glad to come to Washington so that it could be seen how competent he is. Six days later he wrote that he was the only good friend the administration has among the white people of Indianola and later he forwarded a petition of colored citizens of Indianola and vicinity in behalf of his appointment. On January 1, he wrote the President that the postmaster has abandoned the office; pressed his claims for the appointment and said that he would be glad to have the President wire him to qualify. Later he wrote the President twice asking that the postoffice be established, stating that Minnie Cox would not take charge of the office again and urging his own appointment.

The papers also show that several other candidates, notably John Sharkey Montgomery, Mrs. B. D. Watts, Miss Mark Hicks Hogan and Mrs. Lillian Green, applied for the office in October on the understanding that Minnie Cox had tendered, or was about to tender, her resignation. Inspector Fitzgerald, on December 15, submitted a detailed report relative to the circumstances which, cause the people of Indianola to order W. W. Cox, a railway postal clerk, and two other persons, to leave that place, presumably on account of their color.

An Extra Session.

Washington, Special.—The President has signed a proclamation calling an extra session of the Senate of the Fifty-eighth Congress, to meet March 5th. The proclamation follows:

"THEODORE ROOSEVELT.

"By the President;

"JOHN HAY,

"Secretary of State."

No More Liquor at Capitol.

Washington, Special.—The conferees on the immigration bill reached an agreement. The bill remains practically as amended by the Senate. The educational test provided by the House is stricken out. The Senate provision for the exclusion of anarchists was concurred in. With the passage of the bill, as agreed on by the conference committee, intoxicating liquors can no longer be sold in the capitol.

STORM AT GASTONIA.

Two Girls Seriously Hurt—A Cotton Mill Wrecked.

Gastonia, N. C., Special.—As the result of a storm which swept over this place Saturday morning a large section of the wall of the Avon Cotton Mill was blown down and four or five of the operatives injured. Two of these, girls twelve and fifteen years of age, were dangerously hurt and may not recover. The mill was damaged to the extent of about $5,000. Other less serious damage also resulted.

The storm, in its greatest force, struck the Avon Cotton Mill, in the eastern part of the town. The operatives, whose ears were filled by the din of spindles and thunder of looms, were unaware of the storm that raged without until it crushed the southern wall of the eastern half of the mill and lifted one side of the roof and folded it over on the other half. The destruction came in a moment. One hundred and fifty feet of the wall enclosing the second story collapsed without warning and fell inward upon the operatives and machinery, as the roof with its enormous rafters and beams, shafts, countershafts, belts and pulleys went flying off like so much paper. The water connections with the tank in the tower were torn and twisted like green withes and torrents of water pouring in from above were added to the confusion of the awful wreck, the darkness and the roaring storm.

Only four or five operatives were hurt. Of these two little girls are dangerously injured and may not recover. One is Sadie, the twelve-year-old daughter of Jeff Beatty, and the other is Bessie, the fifteen-year-old daughter of John Lay. The little Beatty girl worked on the day shift and had just come in to clean up her spinning frames. She was found crushed against the frame by the falling wall. Her hair was twisted on the spools and blood was flowing in jets from her nose, mouth and gashes on her head. Miss Lay's jaw and one hand were broken and the back of her head was crushed. A little girl named Smith and other operatives were hurt, but none so seriously as the two named, whose chances for life are painfully slender. The reason more were not caught in that fatal wall alley is that the mill was short of night hands.

The damage to the mill by wreck, wind and water is about $5,000 and it will likely be six weeks before it is running to its full capacity.

A Great Flood at Pittsburg.

Pittsburg, Special.—With every tributary of the Allegheny and Monongahela rivers emptying swirling torrents into the banks of those two streams and rushing dowyn to the point where they converge to form the Ohio, Pittsburg was given a visitation Sunday which forced hundreds of families either to abondon their homes, or seek escape from the water in the upper stories, while mud and water spread discomfort below. Mills in the lowlying levels throughout the county, numbering between 50 and 60, were flooded and 28,375 men are thrown out of work for four or five days with a loss of wages of more than $226,700. The flood was general throughout western Pennsylvania. The streams everywhere overflowed their banks, causing more or less damage to houses and farms that lay in their course. Downtown in Pittsburg, cellars and basements of business houses which are in the general flood belt, were inudated, while in Allegheny two railroads were temporarily paralyzed owing to the water which covered their tracks. People in the first and third wards of Allegheny, had to adopt Venice methods of going to and from their homes.

Ample warning had been received by most of the residents and business firms threatened, in time for them to make preparations to minimize losses. The highest stage reached by the swollen rivers at Pittsburg was 29.4 feet at the government dam at Herr's Island. This was at 6 o'clock in the evening. It became stationary at that mark and gradually began to subside. The cold weather which set in last night served to check the flood and prevented more serious proportions.

Gen Gordon to Quit Lecturing

Jackson, Miss., Special.—General John B. Gordon, commander-in-chief of the United Confederate Veterans, whot suffered a severe attack of acute indigestion, while en route to this city Thursday night, left for Texas. It is reported that after General Gordon has filled this season's lecture engagements he will retire from the platform.

Body Recovered.

New Orleans, Special.—Missing for six days, the body of Stephen Fitzgerald, agent of the American Cotton Company, in this city, was taken from the old basin canal. Mr. Fitzgerald was last seen on Saturday night, when he boarded a car to go home. His family suspected foul play and his brother, John Fitzgerald, came from St. Louis to assist in the search. There were no marks of violence on the body and no money had been taken from his pockets. It is probable that he fell in to the canal by accident and was unable to get out. Mr. Fitzgerald was from Memphis, where his aged mother and sister live.

JUROR SENT TO JAIL.

"Clinton, N. C,, Feb. 27—Judge Peebles, who closed a two weeks' term of Sampson court today, created a sensation in the last hour of the term by sentencing a juror to jail for thirty days.

S. R. Odom, party to a land suit, invited two of the jury trying his case, E. S. Herring and M. B. Mathews, to go home and spend last night with him. Herring went, but Mathews declined. The jury brought in a verdict contrary to the instructions of the judge, who promptly set it aside and dismissed the jury and sentenced Odom and Herring to jail for thirty days.

The above news item appeared in Saturdays issue of the Raleigh News and Observer, but it might be well to state just here that the News and Observer did not comment on same editorially upholding the action of the new democratic Judge, but that can be easily explained when it is known that both the defendant and juror are democrats also. It will be remembered that some days ago two bills were introduced in the Senate, at the instance of the ex-Chairman of the democratic party of Sampson, to take the self government out of the hands of the present Populist officials and put the democrats in control of the county, as it was claimed by the ex chairman of the democratic party that they could not get a fair jury in Sampson under the present rule, notwithstanding that this some democratic ex-chairman had supervised the drawing of the jury in Sampson for several years.

Well it does seem that the last jury in Sampson was not altogether a fair one, but it also appears that the parties concerned were Democrats and not Populist.

Incompetence is charged by the Democrats as one of the reasons why the Populist should not control Sampson county. But let it be remembered that Mr. Herring who was sent to jail was a Democratic registrar for the last election and also a member of the Board of County Commissioners,

THAT PENITENTIARY INVESTIGATION

It will be remembered by our readers that about one month ago the penitentiary officials marched several convicts a distance of over twenty five miles to Marion, N. C. over one of the worst roads in the Western part of the state and one of the coldest days of the winter. The convicts were chained together and were forced to march through mud over a knee-deep in many places dragging this frozen chain through the mud also. It was also reported that the convicts were forced to wade the streams on this bitter cold day and carry the guards over on their backs.

They had very little to eat on this trip and many of them were sick, weak and unable to walk, but they were driven along by curses and threats from the guards. One poor fellow dropped his Bible on the March and when he stopped to pick it up he was cursed for carrying "plunder". The citizens of Marion demanded an investigation. A committee was appointed to investigate the matter. But what has become of the investigation—Or the committee we have been unable to find out. It seems that there has been an effort made to whitewash the affair, but the public should know the facts. But the trouble lies in the fact that if the public were to learn the true findings of the committee the present democratic penitentiary officials would have to seek new jobs, and from a democratic standpoint, it is better for humanity to suffer than for some of their number to lose a job. We do not think that convicts should be fed on pound cake every day in the week and hauled around in rubber-tired carriages, but if it was absolutely necessary to move the convicts on such a day they should have been moved in conveyances and furnished proper food and rainment.

We again ask for a report of the committee—providing the committee can be found.

The Moody-Gudger contest in Asheville has brought to light much dirty work done by the democrats in Buncombe county during the last election. It seems that at least five hundred persons voted during the last election that had not paid their poll tax by time prescribed by law. The Asheville Gazette commenting upon the fact says:

"In the hearing that has been proceeding in this city in the Moody-Gudger congressional contest it has been shown that more than 500 persons voted in this county in the recent election who had not paid a poll tax. There was enough proved by sworn testimony regarding this whole poll tax voting business to make every decent citizen very ired and disgusted not only with the methods of the execution of the law in Buncombe county, but with the law itself and the loopholes left in it for such tricks as were played with it by democratic officials in this and other counties.

* * *

Governor Aycock's attention is called to the fact that by this conduct on the dart of the officials of his party in this county the tax money from more than 500 polls was lost to the public schools of this county."

After hearing a case for assault in in Christianburg Virginia last week the judge imposed a fine on the defendant of forty dollars and five minutes in jail. This is possible the shortest sentence to imprisonment in Virginias history.

The Raleigh Christian Advocate regards the Watts whiskey bill "as a temperance Monstrosity covered by a political domino". If further says that it was a political measure, enacted in the interest of the democratic party.

The Washington Post takes this view of the new Senator from Idaho:

"The new Senator from Idaho has a displacement of 300 pounds. That is considerable statesmanship for one small State to send."

Mexico to Adopt the Gold Basis.

Mexico, March 1.—There is a growing belief here that before the end of the year the country will have adopted a gold basis, with modifications to suit local needs. The continued fluctuations of silver affects trade and is now being severely felt in dry goods establishments. It is said by the advocates of a gold standard that once the advocates of the accurency question is satisfactorily settled, trade and investment will be larger than ever before.

PRESIDENTS APPOINTMENTS IN THE SOUTH

He Gives the Reasons That Have Actuated Him and Explains His Position.

Atlanta, March 1.—Following are extracts from a letter from President Roosevelt to Clark Howell, editor of The Constitution, in reply to a request for an expression concerning a recent letter from Harry Stillwell Edwards, of Macon, with reference to the matter of federal appointments in the South:

"In making appointments I have sought to consider the feeling of the people of each locality so far as I could consistently do so, without sacrificing principal. The prime tests I have applied have been those of character, fitness and ability, and when I have been dissatisfied with what has been offered within my own party line, I have without hesitation gone to the opposite party and you are of course aware that I have repeatedly done this in your own State of Georgia. I certainly cannot treat mere color a permanent bar to holding office any more than I could so treat creed or birthplace always devided that in other respects the applicant or incumbent is a worthy and well-behaved American citizen. Just as little will I treat it as conferring a right to hold office

"I ask you to judge not by what I say, but by what, during the last 17 months, I have actually done. In South Carolina, I have appointed a white postmaster to succeed a colored postmaster. Again in South Carolina, I have name a colored man to fill a vacancy in the position of collector of the port of Charleston just as in Georgia I have re-appointed the colored man who is now serving as collector of the port of Savannah. Both are fit men. Why the appointment of one should cause any more excitement than the appointment of the other, I am wholly at a loss to imagine. As I am writing to a man of keen and trained intelligence, I need hardly say that to connect eitner of these appointments, or any or all other appointments, or my actions, in upholding the law at Indianola with such questions as 'social equality' and negro domination is as absurd as to connect them with the regnlar hypothesis, or the theory of atoms.

"I have consulted freely with our own Senators and Congressmen as to the charater and capacity of any appointee in Georgia concerning whom there was question. My party advisers in the State have been Major Hanson, of Macon: Mr, Walter Johnson, of Atlanta—both of them ex-Confederate soldiers—and Mr. Harry Stillwell Edwards, also of Macon. Am I not right in saying that the Federal office-holders whom I have appointed throughout your State are as a body, men and women of high order of efficiency and intdgritity? Incidentally, I may mention that a large percentage of the incumbents of Federal officers in Georgia under me are, as I understand it, or your own political fait.

"This is true of your own State; and by applying to Mr. Thomas Nelson Page of Virginia; to General Basil Duke, of Kentucky; to Mr. George Crawford, of Tennessee; to Mr. John McIhenny, of Louisiana; to Judge Jones, of Alabama, and Mr. Edgar S. Wilson, of Mississippi, all of them Democrats and all of them men of the highest standing in their respective communities, you find that what I have done in Georgia stands not as the exception, but as the rule for what I have done throughout the South. I may add that the proportion of colored men among the new appointees is only about one in a hundred. In view of all these fa ts, I have been surprised and somewhat pained at what seems to me the incompre hensible outcry in the South about my actions—an outcry apparently started in New York for reasons wholly unconnected with the question nominally gt issue. I am concerned at the attitude thus taken by so many of the Southern people; but I am not in the angry, and still less will this attuitde have the effect of making me swerve one hairsbreadth from one side or the other from the course I have marked out—the course I have consistently follow in the future. With regards,

"Sincerely yours,
THEDORE ROSSEVELT."

Preparing a Place For its Members.

It's said the present legislature is going to turn the penitentiary into a lunatic asylum, good. The legislatures, judging from the last two, try to fix a place for its members. This one does not want to be partial hence it is fixing a suitable place for its members as a body. The wise Senator who got drunk and gave his watch away, should be elected Chaplain.

Washington, March 2.—President Roosevelt today signed the proclamation calling an extra ordinary session of Senate for March 5th for the purpose of calling this special session for ratification of the Panama Canal and the Cuban reciprocit treaties.

An exchange observes that the post-office fight at Wilson, N. C. has gone anti-democratic.

We havent seen the committees report on that big penitentiary surplus of which we heard so much during the last campaign.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Worry

Almost Unnerved Me —Heart Pains.

Short of Breath, Faint and Languid.

Dr. Miles' Heart Cure and Nervine Cured Me.

"It has been five years since I was cured of heart trouble by your Heart Cure and Nervine, and I am just as sound as a dollar in that organ today. For several years I had been suffering with my heart. Breathing had become short and difficult at times, short, sharp pains about the heart, sometimes accompanied with fluttering would make me feel faint and languid. The least excitement or mental worry would almost unnerve me. I felt that the trouble was growing worse all the time, and after trying many remedies prescribed by physicians without obtaining relief, I was induced to give your remedies a trial. I was relieved the second day, and after taking three or four bottles all symptoms were removed and have never showed signs of returning."—Rev. Geo. W. Kirkcopf, Chincoteague, Va.

There are many symptoms of heart disease, which so closely resemble those of more common nervous disorders as to frequently mislead the attending physician. Often in cases of heart trouble the stomach, kidneys, liver or lungs become affected. Again the symptoms may be those of weakened nerves, as tired feeling, sleeplessness, timidity, the patient is easily excitable and apt to worry without cause. If you have the least suspicion that your heart is weak study your symptoms and begin the use of Dr. Miles' Heart Cure, the great heart and blood tonic, without a day's delay.

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

Miss Sarah Finley.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

"On July 3d, the Cresent Hotel at Eureka Springs opens as an all-year-'round resort, under the management of the Frisco Symtem. Extensive renovations and improvements have been effected which will make the Cresent Hotel equal of any hostely to be found in the Southwest."

Mrs. Frances Stafford, of 243 E. 114th St., N.Y. City, adds her testimony to the hundreds of thousands on Mrs. Pinkham's files.

When Lydia E. Pinkham's Remedies were first introduced skeptics all over the country frowned upon their curative claims, but as year after year has rolled by and the little group of women who had been cured by the new discovery has since grown into a vast army of hundreds of thousands, doubts and skepticisms have been swept away as by a mighty flood, until to-day the great good that **Lydia E. Pinkham's Vegetable Compound** and her other medicines are doing among the women of America is attracting the attention of many of our leading scientists, physicians and thinking people.

Merit alone could win such fame; wise, therefore, is the woman who for a cure relies upon **Lydia E. Pinkham's Vegetable Compound.**

When a man finds himself in a hole he shouldn't be surprised if other people look down on him.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & Co., Toledo, O.

Would Like a Guarantee.

"I wish," said the rabbit who found himself in the boa constrictor's cage, "that the Monroe doctrine prevailed in this menagerie." "What do you mean?" inquired his snakeship. "I wouldn't mind getting a good scare now and then if I could only be guaranteed against being swallowed alive."

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints, Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

There is a strong movement on foot in Oakland, Cal., to form a co-operative union stable. It will soon take definite shape.

The International Association of Building Laborers, which is made up of hod-carriers, has a membership of 25,000.

Tired of Duplication.

A teacher in a national school, who had been much annoyed by truancy, has recently been stringent in enforcing the rule that her scholars, on their return to school after an absence, must bring her a note stating in full the cause of such absence, the note to be in the writing of a parent or guardian.

The following is a note brought by one of her pupils after two weeks' absence:

"Louisa was absent monday, please excuse her.

"Louisa was absent toosday, she had a sore throte.

"Louisa was absent wensday, she had a sore throte.

"Louisa was absent thursday, she had a sore throte.

"Louisa was absent friday, she had a sore throte.

Kitchener Pays a Compliment!

Lord Kitchener has given many reasons for his conviction that a soldier should never marry. His latest is that the terrible anguish of officers' wives was a proof that, like priests, soldiers ought to be celibates. Lord Kitchener said this recently to an officer's wife, who answered: "Then you think that my husband ought not to have married me?" To which Lord Kitchener replied graciously: "Thanks to you, I change my opinion for one case."

Rheumacide

Cures Rheumatism and Sciatica by neutralizing the acids in the blood and driving them out of the system. Is far better than the best blood purifier. All blood diseases yield promptly to this great remedy.

In the fall-winter of 1900 I was afflicted with Sciatic Rheumatism, so much so that I had to use a cane to assist me in walking. Upon sitting down, there was no ease to my thigh, and the only position in which I could bear my leg was straight out in front of me, while in a reclining position. Realizing the nature of the disease, I began treatment at once, but received no relief until induced by Mr. J. F. Doster, of Greenville, of the drug firm of Bruce & Doster, to take "RHEUMACIDE." I purchased a bottle from them under the guarantee of Mr. Doster that if 3 bottles did not cure me the money would be refunded. One bottle relieved me, and I have had no touch of rheumatism since that time.
W. A. Palmer, who lived here at the time (1901), was down with a severe attack of rheumatism, and for six weeks had to be turned in bed on a sheet. After the use of several bottles of RHEUMACIDE, he was pronounced well by the attending physician, who is a great believer in the efficacy of your medicine.
Yours truly, J. L. O. THOMPSON, Editor *Pickens Sentinel*, Pickens, S. C.

Spectacles in Germany.

The German Emperor has entered upon a new phase of his development, if we are to believe the statement that he was lately seen reading the newspapers in a railway train with the help of a pince-nez. Nor is this to be wondered at when we remember the lament once made by the kaiser himself, who, speaking of his school days at Cassel, remarked that out of a class of twenty "no fewer than eighteen of his fellow pupils wore spectacles, while two of these, with their glasses on, could not even see the length of the table." As compared with other nations, the Germans may be described as a spectacle-wearing people, and there can be no doubt that the main cause of their defective sight is the peculiar character of their type, which is most trying to the eyes. The present emperor, no less than Bismarck, has always protested on patriotic grounds against the substitution of the Roman for the Teutonic, or black letter, character in print, and both have had to suffer equally for their Chauvinism.—London Chronicle.

Two Kinds of Law.

There was a case in the police court yesterday where a young man was charged with the theft of some boots, but the parties settled, the accused paying the accuser 50 cents. "You had no right to take money to settle a case of theft," said the police magistrate.

As a statement of law, this may be all right, but how does the principle work as applied to larger people than the 50-cent disputants in yesterday's court? When a bank clerk steals thousands of dollars, does the law say that the bank has no right to take money to settle the case of theft? Whatever the written law may be, the practice is to let big operators in theft settle with the big institutions they have wronged. The principle is—in practice—accepted that the big institution shall be considered and enabled to recover, if it can, what has been stolen from it.

The way it works out in this, as in many other matters, is that there is one law for the great and another for the small.—Toronto Star.
